Skills

- **Languages**: C++, Java, C, Python, Kotlin
- **Frameworks**: HTML, CSS, JavaScript, Django, Matplotlib, Pandas, Scikit-learn, Seaborn, OOPS, DSA
- **Tools/Platforms**: MySQL, Android Studio, Power BI, Excel
- **Soft Skills**: Problem-Solving, Team Player, Project Management, Adaptability

Freelancing

Outlier April 2024 – Jun 2024

Senior Reviewer

- Worked as a **Senior Reviewer** evaluating and validating AI model outputs for accuracy and quality.
- Reviewed and verified the work of annotators and reviewers to ensure compliance with project guidelines.
- Provided detailed feedback and flagged inaccuracies to maintain high response standards.
- Contributed to improving overall AI model performance through strict quality control processes

Projects

- **Care-Bridge+ - App for Connecting Doctors to Patient** | GitHub Jun 2025-Aug 2025
  - Built **Care-Bridge**, an Android app using **Java** and **Firebase** for secure health data management
  - Added **pill reminders**, **vitals tracking**, and an **SOS alert** for elderly users., and an **SOS emergency system** for elderly users.
  - Integrated an **AI assistant** for simple medicine queries and a **QR-based doctor link for the doctor**.
  - Designed an easy UI and worked on **Settings** and **Patient Tracking** modules.
  - **Tech**: Java, Android Studio, Google firebase, Git, GitHub, Figma

- **Loan Approval Prediction System** | GitHub April 2025- May2025
  - Developed a **machine learning prediction model** using supervised learning techniques.
  - Predicted **loan approval outcomes accurately** using structured applicant data and relevant financial attributes.
  - Used **Matplotlib extensively** for data preprocessing, visualization, and model development.
  - Achieved an accuracy of **88.7% on the test dataset**, demonstrating strong predictive performance and reliable model generalization.
  - **Tech**: Python, Matplotlib, Seaborn, NumPy, JavaScript

Power Bi Dashboard| GitHub

- Created an interactive Power BI dashboard to analyse MSME and PMMY loan data, visualizing state-wise MSME distribution and comparing sanctioned vs disbursed loans.
- Used DAX measures and data modelling to derive insights from multi-year datasets and support data-driven regional analysis.
- Tools & Tech: Power BI Desktop, DAX, Excel, Government Open Data (data.gov.in).

Certification/Certificates

- Software Engineering: Implementation and Testing | Coursera May 2024
- NPTEL: Cloud Computing | NPTEL Oct 2025
- W3Grads: Android app dev | w3Grads Aug 2025
- The Bits and Bytes | Coursera Sep 2024

Achievements

- **Coding Problems**:
  Solved more than 150 questions across leet-code and gfg, strengthening skills in DSA Dec2025

Education

- **Lovely Professional University** Punjab, India
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 8.45*** *Since August 2020*
- **Army Public School** Gorakhpur, Uttar Pradesh
  Intermediate; ***Percentage: 83.4%*** *April 2022 - March 2023*
- **Army Public School** Gorakhpur, Uttar Pradesh
  Matriculation; ***Percentage: 92.6*** *April 2020 - March 2021*
